

能源政策

為建構永續經營友善安全的綠色大學，營造優質環保無污染的校園。承諾遵守能源法規，優先採購節能產品，支持能源績效改進的設計，提升能源使用效率，深植能源管理系統。以達成節能、環保、永續校園的目標。

Energy Policy

The goal is to establish a sustainable, friendly and safe green university with a high-quality, environmentally friendly and pollution-free campus. We promise to abide by energy laws and regulations, prioritize the procurement of energy-saving products, support the design of energy performance improvement, improve energy efficiency, and deeply implant the energy management system. In short, to achieve the goals of energy saving, environmental protection and sustainable campus.
